

AKG®

K 181 DJ

HIGH-PERFORMANCE DJ HEADPHONES

HIGHLIGHTS

- UNIQUE 3D-AXIS PROFESSIONAL FOLDING MECHANISM ALLOWS THE DJ TO CHANGE THEIR MONITORING POSITION QUICKLY.
- VERY LIGHTWEIGHT CONSTRUCTION AND EXTREMELY RUGGED
- THE HEADPHONES FOLD DOWN INTO A THIN PACKAGE FOR TRANSPORTATION
- BASS-BOOST SWITCH FOR SWITCHABLE BASS BOOST
- CLOSED-BACK EARPHONES. ISOLATING EAR CUPS ATTENUATE AMBIENT NOISE, KEEPING EVEN QUIET PASSAGES CLEARLY AUDIBLE
- PLUG-IN CABLE. SINGLE CABLE FOR EASE OF HANDLING, WITH PROFESSIONAL MINI-XLR CONNECTOR
- PERFECTLY ADJUSTED SOUND FOR ANY VENUE
- STEREO/MONO SELECTOR FOR OPTIMUM SINGLE-EAR MONITORING

MADE TO DJ SPECS.

The goal was to create the ultimate tool for professional DJs. Therefore, we teamed up with DJs to design the AKG K 181 DJ. The target was obvious: to find the ultimate tool for professional DJs – high performance closed-back headphones with the best possible sound, and maximum SPL that should be exceptionally rugged and easy to bend or fold into any listening position, and provide a switchable bass boost.

The K 181 DJ have been designed in cooperation with leading international DJs. Their distinguishing features include 3D-Axis professional folding mechanism, high-sound pressure level, closed-back earphones, stereo/mono selector, bass-boost switch, frequency range from 5Hz to 30kHz, detachable cable, and rubberized finish. Pump up the volume!
